Project Name	FitBuddy - AI Fitness Plan Generator using Gemini Models
Maximum Marks	1 Mark

Communication Plan

The team plan covers routine updates, issue resolution, code review and final demonstration rehearsal.

S.N o.	Communication Type	Frequency	Channel / Tool	Participants	Purpose
1	Team stand-up	Daily	Team meeting / chat	All five	Progress sync
2	Progress update	Weekly	Shared document / meeting	All five	Review milestones
3	Issue / bug discussion	As needed	Team chat / call	Relevant members	Resolve issues
4	Stakeholder review	Bi-weekly	Project review	Team + stakeholder	Collect feedback
5	Final demo rehearsal	Once	Team rehearsal	All five	Check demo flow
6	Code review	As needed	Repository review	Backend + AI + frontend	Check integration

Challenges handled during the project: Gemini integration and prompt formatting were kept in dedicated modules; frontend-backend coordination used fixed routes and templates; the API key was handled through environment variables.
